Pennsylvania Forest Products Association, (PFPA) was created to provide a unified voice on state legislative and regulatory issues. PFPA represents more than just sawmills:

• Primary Providers such as sawmills, pallet manufacturers, railroad tie manufacturer and wholesale concentration-distribution yards
• Secondary Providers such as cabinet/woodworking, flooring and other secondary processors
• Bio-Mass Users such as pulp and paper, fiber manufacturers and pellet manufacturers
• Loggers and foresters
• Industry Suppliers, such as equipment and service sales, financial services, freight and trucking services, consultants and association
• Commercial landowners
The Pennsylvania Forest Products Association (PFPA) has been the voice before state government for ALL sectors of the forest products industry in Pennsylvania.

As the premier advocacy association, PFPA has led the charge to increase the profitability and growth of the industry and our members since 1980.

State lawmakers recognize PFPA as the respected voice of the forest products industry in Pennsylvania, and therefore look to PFPA on a regular basis for our position on important legislation and regulations that will impact our industry.

There is strength in numbers. Make your voice heard in Harrisburg by becoming a PFPA member and join the ongoing fight to help promote YOUR business and the industry throughout Pennsylvania.

MEMBERSHIP MATTERS

Membership in PFPA is a direct investment in YOUR business! Help us to continue to ensure the profitability of the forest products industry.

Your membership in PFPA can make a real difference in Harrisburg, and will demonstrate your pride and commitment to your business and the forest products industry in Pennsylvania.

We need your membership and support to continue our high level of effectiveness on your behalf. Help us help YOU by joining PFPA today!
